Public Body that is the subject of this

Name of the public Body: Deputy Mayor for Education

Specific person(s), if any, you allege Committed the violation: Deputy Mayor for Education

If the complaint pertains to more than one meeting date:

Date or dates of alleged violation:

Wed, 10/11/2017

Description of Alleged Violation / Action Sought

A publicly available phone call for the public and members of the Cross Sector Task Force to dial into was not (still is not) posted on the open government calendar. In fact, it was not even posted about on the deputy mayor for education's website until today (10/13/17). The meeting in question was a phone call that members could dial in for an hour between 10 am and 11 am on Weds. October 11 to discuss facilities issues. I would have liked to have participated, but I didn't even know it was happening until it was over. All meetings of the task force are supposed to be public.

I want the deputy mayor for education and the entire task force to be aware of my complaint and to commit to posting all phone calls and meetings at least 5 days ahead of time on both the DME website as well as the open government calendar. There is nothing else that can be done because I (and whoever else wanted to) could not join the phone call.
