Hi Mila, hi Lisa!

I hope this email finds you all well.

I'm writing today to connect you all with Anne Bouie. We had a great conversation yesterday, and she is very interested in the work you all do. Since you all have been such fantastic and friendly resources for me, my colleagues, and our parents, I wanted to put you all in touch.

Anne brings a lot of experience relevant to OST programs and research that could spark some interesting conversations that may be of value to you all. Hope you all are able to find a chance to talk!

Thanks everyone!

Mila,

Not a problem!

Yes, the Wilson building will work well. Happy to sit and chat outside if it's a nice day again!

I'll plan to arrive at 3:15 pm tomorrow, if that works.

Hi Mila,

Hope all's well! Wanted to check in here - Kerry and I are free for a bit longer this afternoon, but it might make sense to reschedule. I could actually come down to your office tomorrow afternoon after 2pm to talk in person, since I'll be heading downtown anyway.

Would you prefer to still do the call this afternoon to meet tomorrow?

Thanks again Mila!

Mila,

I hope you are having a wonderful Wednesday!

I wanted to reach out to you because PAVE will be hosting our spring **all-day cross-sector Family and Community Engagement PLC** on **Thursday, April 12th** from **8:45am - 4:30pm** at the **UNCF Building's College Knowledge Center** located at [1805 7th St NW](#) (right above the Shaw/Howard Univ Metro).

The all-day session will be an opportunity for education leaders and staff across the city - both charter and DCPS - to come together to discuss, identify and practice models of family and community engagement for our schools.

[Dr. Howard Fuller](#), former Milwaukee schools superintendent, will open the day, focusing on the importance of parent voice in our education system. The day will also start with the voices of our families - highlighted by a panel with parents and school leaders from across the city. The second half of the day's agenda provides a critical opportunity for DCPS PLC participants, charter school PLC participants and community partners to come together and work on cross-sector, human-centered design solutions for our city's challenges around informing families, engaging families, organizing families, and building families as advocates.

The event will start at 8:45 am with registration and breakfast. Also, the first 25 participant to register on-site will receive a personalized, signed copy of Dr. Howard Fuller's book, "[No Struggle, No Progress: A Warrior's Life from Black Power to Education Reform](#)."

All interested participants are asked to sign up on the EventBrite:

<https://paveaprilplc.eventbrite.com>

If you know of other leaders and school-based staff who work with families and communities and would like to attend, please feel free to share the EventBrite with them, as well. As shared, we will offer spaces to other participants as available. Please note: Registration priority will be reserved for PAVE PLC members. Please RSVP for this event by Friday, April 6th.

If you have any questions or concerns, please feel free to reach out to PAVE's School Engagement and Partnerships Coordinator, Jessie Papalia, at [jessie.papalia@dcpave.org](mailto:jessie.papalia@dcpave.org) (she is also cc'd above).

Enjoy the rest of your week!

## Important News and Updates from *Parents Amplifying Voices in Education*

May 2018

### Your Advocacy Earns Historic Increase in OST Funding!

Dear PAVE Parents, Friends, and Supporters,

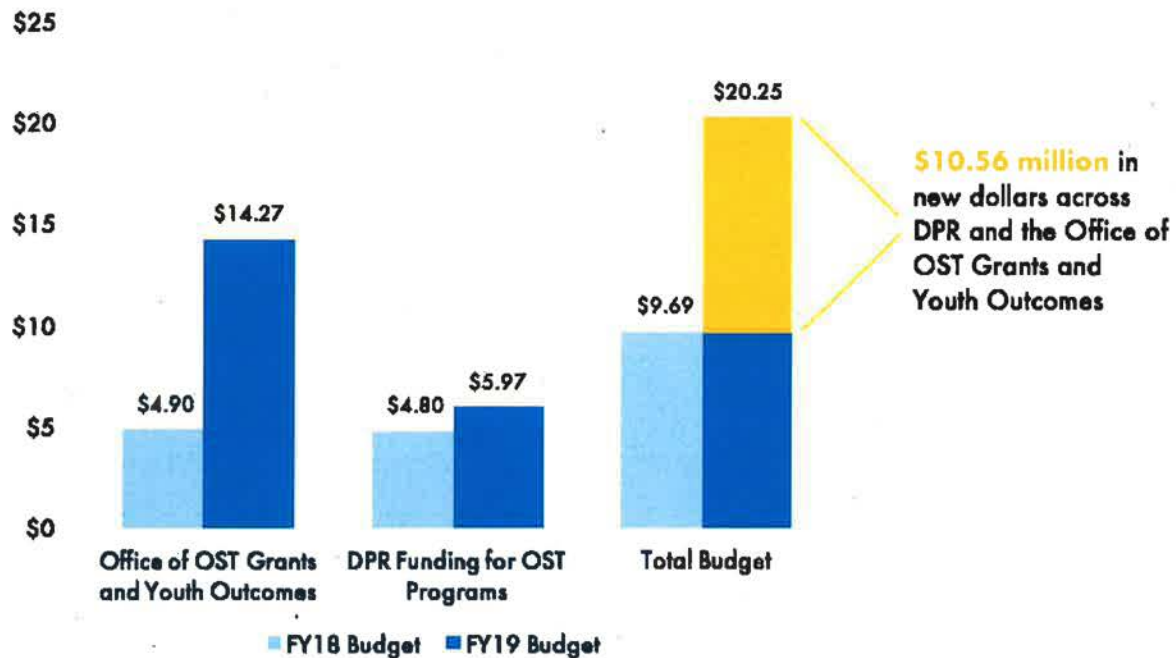

Your hard work has truly paid off! Today the DC Council took their final vote to pass the FY19 Budget, including **\$20.25 million for OST programs - an increase of nearly \$10.56 million!**

**At our PAVE Parent Policy Summit a year ago**, you told us that increased access to affordable and high-quality Out of School (OST) Time Programs for DC students was a top priority for you. For all the hard work you have done organizing your communities to advocate for high-quality programs across DC, we say, **'THANK YOU!'**

This historic increase happened because parents and advocates - like you - collectively amplified your voices and called on our city leaders to invest in our kids. **You sent letters, signed petitions, advocated at the Mayor's budget forums, testified at public hearings, and shared the message with your communities. Your voices were heard, driving real change for DC families.**

## Increases in OST Funding in FY19 (in millions)

This additional funding will bring us even closer to ensuring every child in DC has access to a quality afterschool and summer program. To further support equitable access, **PAVE** parents surveyed over 1,000 DC families to determine the greatest needs and barriers for OST programs. The Deputy Mayor of Education's office will use this information to make sure this funding goes towards the programs and areas that need it most, **putting parent voice at the front and center of the decision-making conversation.**

But even with this historic win, there is still a long way to go in order to make sure every child in DC has access to enriching programs and a safe, healthy, and welcoming school environment.

That's why PAVE parents came together again at the PAVE Parent Policy Summit this month to choose the education issues they will focus their advocacy on next school year. Nearly 150 parents from across the city voted **'Transparent Citywide School Funding'** and **'Mental Health Supports and Trauma-Informed Training for All Schools'** as their top two issues areas. This year, PAVE parent leaders will once again take the lead by amplifying these issues and ensuring their voices help shape our policy.

We are so proud of the work that's been done and remain committed to making sure every child in DC has the opportunities they deserve. To continue to [stay involved with the #WeNeed25 campaign](#), contact PAVE's community organizing team at [organizers@dcpave.org](mailto:organizers@dcpave.org) for more information!

Hi Kerry,

Unfortunately the report will be a bit delayed since we still have the youth survey open. We plan to close the youth survey out this week.

We'll share some early findings on the parent survey this Thursday at the commission meeting that I can share after the commission meeting if that works.

Thanks,  
Mila

Mila,

I hope you're doing well! I wanted to check in on the report from the Out of School Time surveys. We are eager to see what the major takeaways are :)

Best,  
Kerry

Mila,

Happy Friday! [REDACTED] is a ward 4 parent interested in the role on the OST Commission. Her email is [REDACTED] if you want to reach out! She has been a wonderful advocate with PAVE.

She is aware of the nomination process for the commission. Please let me know if there is anything else you need from me in the meantime.

Thanks!

Happy to help! :) I'll make sure to let them know about the process. Just to confirm, would you be interested in a ward 5 parent rep? Or specifically just from wards 2, 4, and 8?

Just let folks know that these are all nominations and any candidate will go through a process before be appointed. We had some issued in the past with people thinking it was a shoe in but that is not the case.

Very much appreciate the assistance here – you rock as partners.

Hi Kerry,

Thanks for the follow-up. I can take nominations to the mayor's team if you have some parents you would recommend. We really need representation from Ward 2, 4 or 8 if that helps with naming a few parents.

Mila,

I hope you had a great weekend! Maya had heard from Darby last week that the OST Commission might be looking for 1-2 more parent representatives. Please let me know if that is the case, and if you would like for us to refer any parents!

I have one parent in mind who is a ward 5 resident and also works for [2-534(a)(2)] and am happy to reach out to others as needed. If not, no worries, just wanted to let you know we're happy to help :)

Thanks again for all you do,

Kerry

Hi Kerry,

I wouldn't say that it is about statistically significant – it's more about the sample size being marginally acceptable for accuracy. We wanted at least 100 surveys per ward to be representative of the ward.

Let me know if that makes sense.

Thanks,  
mila

Hi Mila!

Happy Thursday :) Quick question for you: when we were deciding on the number of surveys to be collected for the OST canvassing effort, you had mentioned at 800 was statistically significant, and of course the more the better, which is why we landed at 1,000. Was there a certain criteria that led you to 800 as statistically significant?

Thanks in advance :)

Kerry

Mila,

Great to see you yesterday! I'm going to bring our surveys over to you today, but wanted to let you know one of our canvassing coordinators texted me last night that she had a medical emergency. I have most of the surveys with me (about 920), but she has about 80 of them. Would it be okay if I brought those last 80 over to you on Monday? I apologize for the delay!

Best,
