GIVE BRIEF DESCRIPTION OF WHAT HAPPENED:																									

On June 22, 2020, an investigator within DC Public Schools (DCPS) Comprehensive Alternative Resolution and Equity (CARE) team filed a report with the DC Child and Family Services Agency that Witness-1 had filed a complaint against a former teacher. The former teacher was identified as Mark Walker, who taught at Witness-1's school. The complaint alleged that Witness-1 had been "groomed" by Mark Walker during their time in the school. The grooming behavior resulted in Witness-1 engaging in a sexual act with Mark Walker.

In the initial complaint to the CARE team, Witness-1 reported that Mark Walker bought them gifts, meals and a special crystal for their birthday. A personal relationship ensued between the student and Mark Walker, which included visits by Witness-1 to the home of Mark Walker. On the third visit, Witness-1 reported engaging in sexual intercourse with Mark Walker, who told Witness-1 that they should not be engaging in such behavior due to the age of Witness-1. Witness-1 reported that they only engaged in sexual activity Mark Walker on the third visit, the other occasions only involved "hanging out and cuddling."

Witness-1 reported the level of attention shown by Mark Walker was unique and not shown to all students by Mark Walker. Witness-1 identified two other students with whom Mark Walker had close, personal relationships with: the complainant and Witness-5.

Your affiant, Detective Kiel Tilley, conducted an interview with Witness-1 in reference to the complaint filed with the CARE team.

Witness-1 identified Mark Walker as the teacher in the complaint and that he was originally the photography teacher, although his roles changed while Witness-1 was a student. Witness-1 described Mark Walker as different from other staff with regard to his vocabulary (using language more age appropriate for students) and due to the amount of personal information he would share with students. Witness-1 reported Mark Walker sought to gain the trust of the

students and bought gifts for a small number of selected students. Witness-1 reported that Mark Walker bought general items for the class, but bought very specific items for others. Witness-1 stated the general gifts were intended to distract from the personal gifts provided for certain students. Mark Walker would buy food, drinks and candy for two female students based on their preference but would then buy general community food for the rest of class.

Witness-1 reported that Mark Walker would give them money for food and lunch, as well as birthday presents and rock specimens for their birthday. Witness-1 stated this was due to their interest in geology. Witness-1 reported that while Mark Walker was still their teacher, he would speak of plans post-graduation often to include visits to his house and museums. After Witness-1 graduated, they reported visiting Mark Walker's house and spending time as friends as opposed to a normal teacher-student relationship. Witness-1 reported Mark Walker's house as being located near Turkey Thicket Recreation Center and the Brookland Metro Station. These visits included conversation, drinking and smoking THC cartridges from Mark Walker's vape.

Witness-1 reported this relationship resulted in sexual intercourse on one occasion with Mark Walker after Witness-1 had graduated; Witness-1 was 17 years of age at that time. Witness-1 reported that Mark Walker spoke of their age during the act and acknowledging Witness-1's status of a former student, but the sexual act occurred. The complainant stated that they were enthusiastic during the act as Witness-1 "really idolized" Mark Walker and sought his affection, but regretted the act after its completion. Witness-1 described the act as Mark Walker "inserting his penis into me."

Witness-1 reported that no sexual acts occurred while Witness-1 was a student, but identified two other students who had similar relationships with Mark Walker. Witness-1 identified Witness-5 as a student that Mark Walker bought numerous gifts for, and reported that Mark Walker discussed his relationship with Witness-5 with Witness-1. Witness-1 believed that Mark Walker also visited Witness-5 after graduation at their college.

Witness-1 also identified the complainant, who directly disclosed a romantic relationship with Mark Walker to Witness-1. The complainant disclosed to Witness-1 that during their sophomore year the complainant developed a romantic relationship with Mark Walker, who fell in love with the complainant. The complainant disclosed going to Mark Walker's house where they would engage in oral sex, but Mark Walker allegedly did not wish to engage in other acts because of their status as a student. Witness-1 believes these events took place in either 2014 or 2015. The complainant disclosed this in a classroom setting during their senior year, possibly 2016. The complainant began by speaking with a small group of friends but addressed the whole class as the complainant noticed their attention. The complainant stated she wanted to address the rumors about Mark Walker and to confirm them. The complainant stated that Mark Walker would "definitely always love me" and they stopped talking because the complainant's family would not understand.

Your affiant was able to contact the complainant via telephone in reference to the allegations, who agreed to speak about her time at the school attended by Witness-1 and the complainant. The complainant confirmed that she attended Witness-1's school from 2013-2017. Your affiant explained the scope of the investigation and the complainant stated that they understood why they contact was made. The complainant reported that during high school a person took advantage of the complainant, that person was a visual arts teacher. The complainant reported that at the time, she was 14 years old and the teacher was 33 years old. The complainant identified the teacher as Mark Walker.

The complainant reported that Mark Walker began sending the complainant letters and began taking her home from school. Mark Walker also began inviting the complainant over to his home, and on one occasion attempting to have sexual intercourse with the complainant. The complainant reported that she was a virgin at that time. This incident occurred over the summer at his home, in his bedroom. Mark Walker attempted to penetrate the complainant, which frightened the complainant and made the complainant cry. This occurred while the complainant was a student in the summer of 2015 or 2016.

GIVE BRIEF DESCRIPTION OF WHAT HAPPENED:																										

The complainant began demonstrating an emotional response to the interview, audibly crying. Your affiant then offered to conduct the interview in person and the complainant agreed. Your affiant met the complainant in person on a later date.

The complainant reported the relationship with Mark Walker began in 2015 while attending an afterschool program coordinated by Mark Walker. Students would watch movies and do coursework; Mark Walker also would drive a group of students home after the program each night- dropping the complainant off last of the group. On one such occasion, in May of 2015, before the complainant turned 16, Mark Walker kissed the complainant.

The complainant reported that this kiss occurred in Mark Walker's vehicle near the complainant's home. The complainant disclosed telling Mark Walker the complainant had never been kissed before and he replied that he would show her. The complainant described the kiss as "on the mouth with tongue," inside of his red sport utility vehicle. Mark Walker then drove the complainant home.

Mark Walker began buying the complainant random items at school, prompting classmates to notice. Mark Walker would also touch the complainant's knee under the table during classes and would routinely meet individually with her to discuss their relationship under the guise of instruction. This relationship, which the complainant described as "romantic," continued for a year.

The complainant reported in summer she visited Mark Walker's home on multiple occasions, describing its location in Northeast DC, near Turkey Thicket Recreation Center (of note: Mark Walker's registered DMV address is 0.1 miles from Turkey Thicket Recreation Center). These visits included movies and food, which Mark Walker would buy for the complainant. Mark Walker would routinely walk her home from school and they would frequent parks along the

way. The complainant's school in 2015 was located in a different location than its current location, allowing the complainant to walk home.

The complainant described one specific day she spent with Mark Walker. On this day, they were discussing their relationship status as Mark Walker indicated his wishes to marry and meet her family. Mark Walker discussed how their relationship would look when she turned 18 because he did not want people to know how it began, wanting to be discreet. The complainant then told him that she was a virgin, and she did not want to have intercourse with him. The complainant told Mark Walker that she did not want to give him her virginity due to his age, position as her teacher, and how she felt it would affect her mentally. Mark Walker questioned her resistance to having intercourse but acknowledged her concerns.

On the same day, they returned to the home of Mark Walker. Late into the night, they were laying on a futon and were kissing each other. The complainant reported that he "forced himself" upon her by penetrating her vagina with his penis. This occurred inside of Mark Walker's bedroom. The complainant reported that she had recently told Mark Walker she did not want to engage in vaginal intercourse, as she was a virgin. The complainant stated she was wearing a "blue t-shirt dress" that Mark Walker removed, as well as his own clothing. Mark Walker was touching her breasts, vagina, her lips, and neck. The complainant reported they were both nude at this time, with Mark Walker wearing boxer shorts.

The complainant reported she was "following his lead" during this incident as she was unsure what to do in this situation. The complainant reported that Mark Walker digitally penetrated her and then penetrated her vagina with his penis. The complainant reported that Mark Walker had penetrated her for approximately 10 seconds, felt pain, then pushed Mark Walker off of her. The complainant instantly began crying and described experiencing a "wave of emotions." The complainant questioned why he would penetrate her despite explicitly telling him she did not want that

GIVE BRIEF DESCRIPTION OF WHAT HAPPENED:																								

The complainant provided personal photographs she had taken of Defendant Walker, one of which appears to show him sitting in close proximity to the phone/camera on a park bench and another appears to depict Defendant Walker in a classroom setting with the caption "love of my life." The individual in the pictures appears to be Defendant Walker.

The complainant also provided screen shots of messages between the complainant's device and "sir leo" and "Mark Walker." The complainant identified Defendant Walker as the person of which both communication threads were corresponding. Various messages from "sir leo" request photographs and speak of the complainant's features. One message states, "your eyes are amazing, I just wonder how they look after you cry." Another thread discusses Defendant Walker moving to Italy and the complainant accompanying him. Defendant Walker asks, "so you really want to be with me? You want me to wait for you?" The complainant replies "yes & yes," and Defendant Walker responded "I know, it means more now. Especially with you telling me."

The complainant also provided a hand-written letter to your affiant and identified Mark Walker as its author. The letter discusses the complainant's "beauty" and one line reads, "you exude beauty, sometimes it's overwhelming." The handwriting on the letter appears to be similar with handwriting contained in the employee files completed by Mark Walker during his employment at the complainant's school.

Your affiant had occasion to speak with Witness-2 on a later date. Witness-2 confirmed having a friendship with the complainant and attending the same school from 2013-2017.

Witness-2 reported observing the complainant getting close with a teacher, identified as Defendant Walker, who wrote the complainant letters and would buy the complainant small gifts. The complainant began to speak openly about going on "dates" with Defendant Walker as well. The complainant spoke about going to a park with Defendant Walker where they would kiss and do "other stuff." Witness-2 described one incident that the complainant disclosed about Defendant

status to manipulate the student, who was now coming to terms with the past and addressing what had transpired. Witness-4 stated that Defendant Walker had frequently driven this student home as part of their relationship.

Your affiant made contact with Witness-5 in reference to the investigation of Defendant Walker. Witness-5 affirmed attending the school where Defendant Walker was a teacher. Your affiant explained to Witness-5 that the scope of the investigation involved interactions between students and faculty during Witness-5's time at the school. Upon learning of the scope of the investigation, Witness-5 declined to speak with law enforcement any further.

Your affiant attempted to provide Defendant Walker an opportunity to provide a statement in reference to the investigation. Your affiant traveled to the listed residence of Defendant Walker and encountered an individual who stated they lived at the location with Defendant Walker. The individual accepted your affiant's contact information and agreed to provide it to Defendant Walker. Defendant Walker contacted the undersigned via telephone later and stated that due to having faced accusations previously, he was unsure about providing a statement to your affiant. Defendant Walker has not yet provided a statement in reference to this investigation.

At the time of the reported offenses, the complainant was 15 years old and Defendant Walker was 35 - 36 years old. Defendant Walker's employee records indicated that he was employed at the complainant's school between 2014 and 2019, when Defendant Walker resigned. The complainant attended the school between 2013 and 2017 and reported that Defendant Walker was her visual arts teacher at the school.

Defendant Walker was in a significant relationship with the complainant and over the age of 18 when he engaged in sexual acts with the complainant, a child per DC Code. Your affiant believes there to be sufficient probable cause for the arrest of Defendant Walker for the appropriate charges.
